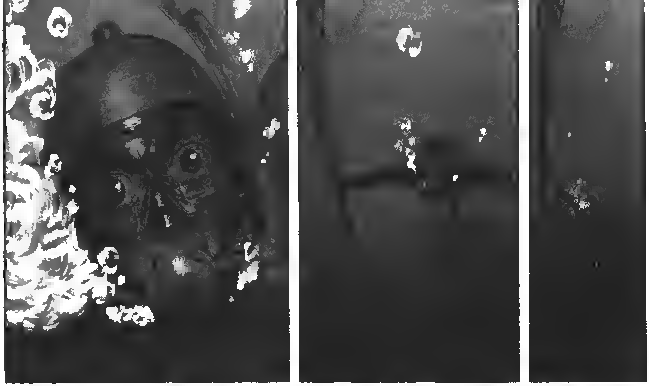
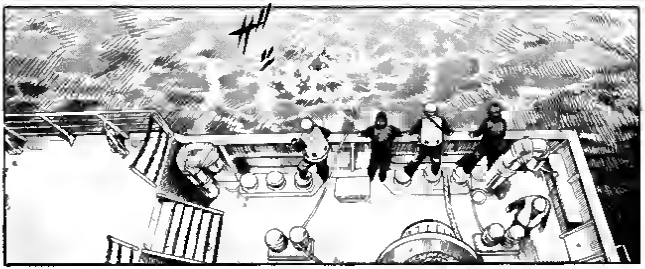
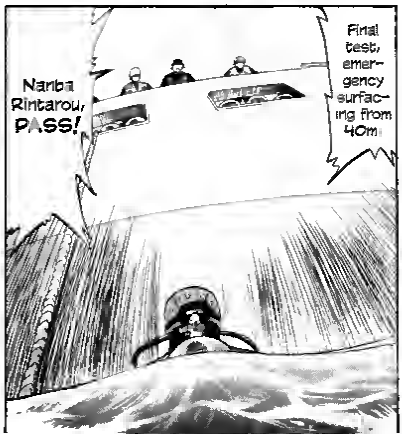
Chapter 1
A Bolt from the Blue



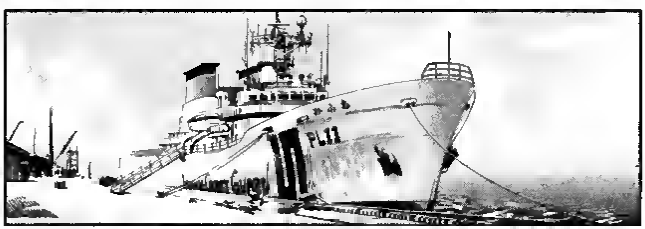


OK!



Final test, emergency surfacing from 40m!
Nariba Rintarou, PASS!

横浜海上防災基地



PL77

I have just returned from completing my diving course!
Namba Rintarou! Navigation Officer of the Patrol Boat "Mifune"!

As a rescue diver, I pledge to save a lot of lives!
I'm looking forward to it!

Heh heh
You did it, Nanba!
We're counting on you!
緑茶

You're the one who was boasting "I'll never bleed!" aren't you!?
Come on, I couldn't help it! I came up from 40m, the lowest limit!
Pay up, pay up

You got a nosebleed, didn't you?
1000 yen
1000 yen
Here too

By the way

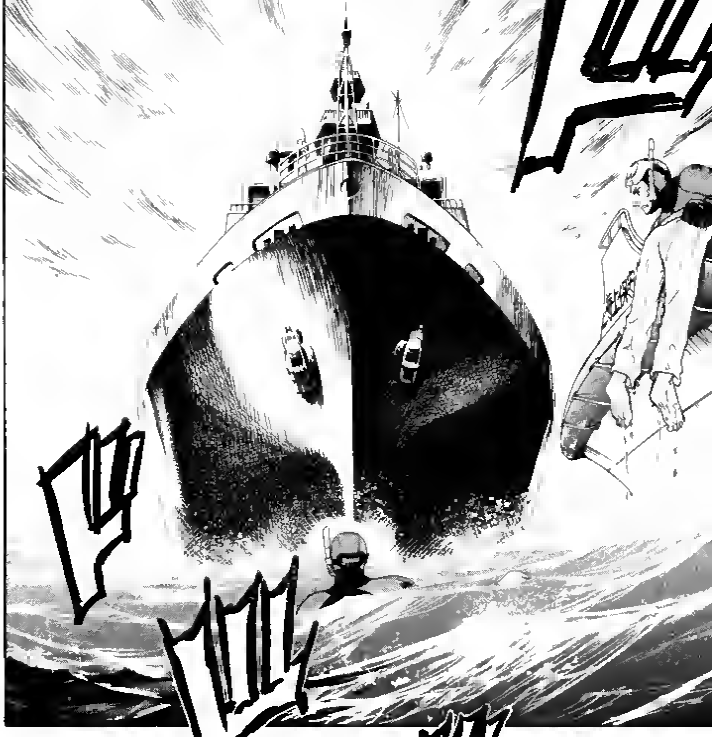
But you sure are something, Nanba! Passing that tough diving test in one go!
...I don't have anything left to bleed...

Emergency! Emergency!
Shipwreck reported 5km southwest of Ooshima!

There were 6 hands on that ship!
Four of them fell overboard from the shock of the wreck!
My first rescue...
As a diver!

12

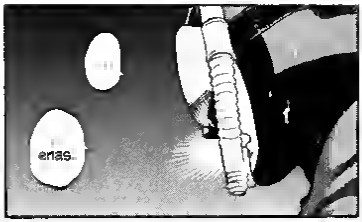
I don't want to see anyone go again Ever!
I won't let you go
13
Great! Good job, Naniba!
GOT HIM!
KICK KICK



SALVORS!
.....
"SALVORS" ARE SEAMEN AND ENGINEERS WHO CARRY OUT SALVAGE TO VESSELS THEY DO NOT OWN.
SSS

Heeeey! Mister Coast Guard! Done with the rescuing?
Sniffed this out already, huh...
We're gonna tow that wreck away so get out of the way!
Then leave the rest to us.
Better get a move on, Coast-boy. It's looking pretty bad.
Okay, okay
16
.....
The captain of the ship is still on board!
Don't interfere with our rescue!

...Leave me alone...
Let's get out of here! Quickly!
No! I won't leave this ship!
Is the ship more important than your life!?
Wh-what are you talking about? This ship could sink at any moment! Please hurry..
17
Oi!
What's taking you so long? Call yourself a pro!?
What do you know!?
A well-fed government worker like you!..



...
enas.

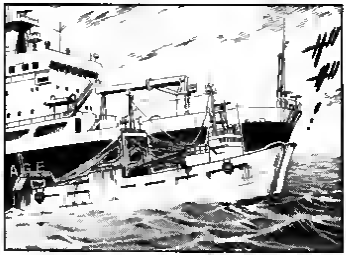
We can't hear youuuu!
SSS
SSS
Huuh?

If you don't shake a leg the ship's gonna sink and take you with it!
はは
The captain doesn't wanna go, so just leave him!
Go on, get lost. Get lost!

I called you...
HYENAS!!

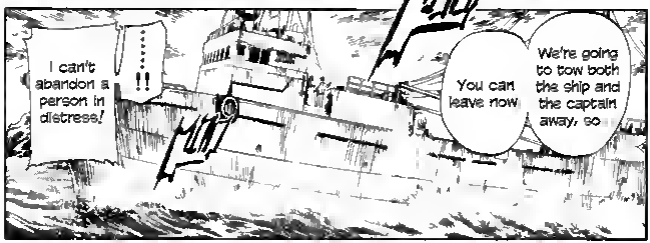
You're hyenas, exploiting people's suffering for your own gain!
What was that, punk!?
HUUUH!?
Hey. Get to work.
You'll be needing a rescue when we're done with you!
Sawamura-san...!
S-sorry. It's that guy...
SSS
SSS
Pull up beside the wreck

20



And it could sink at any moment
This ship is literally all he has

!?
This ship's insurance has expired
Didn't you guys know that?



I can't abandon a person in distress!
!!
You can leave now
We're going to tow both the ship and the captain away, so

21

Don't lump that guy in with the Coast Guard...
Hey
Relax

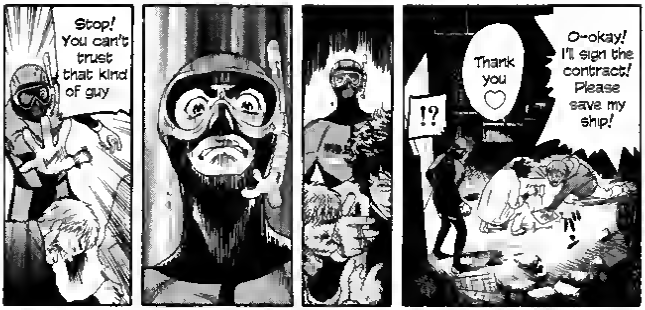
N-no! Little punks...
I don't trust either of you, Coast Guard or salvor!

If you want our help, sign right here
Oi, Cap'n

I'm a Salvage Master.
救助契約書

You
You're a salvage master!?

Salvage Master?



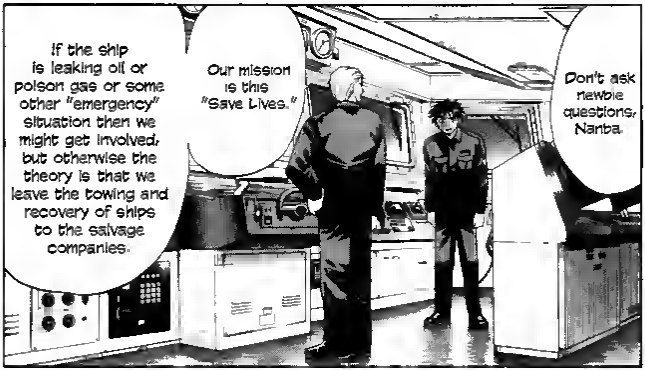
Stop! You can't trust that kind of guy
!?
Thank you ♡
O-okay! I'll sign the contract! Please save my ship!

Wha...

Do your best on your next rescue.
This ship is mine now.
救助契

O Friend of Justice!

How come the Coast Guard doesn't recover ships?!

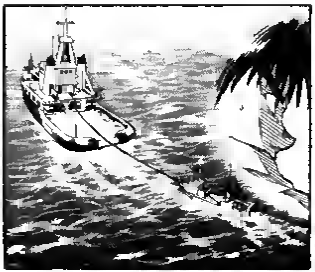


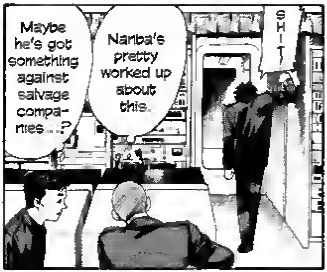
If the ship is leaking oil or poison gas or some other "emergency" situation then we might get involved, but otherwise the theory is that we leave the towing and recovery of ships to the salvage companies.
Our mission is this "Save Lives."
Don't ask newbie questions, Nanba.

25

Yes, this is the bridge of the "Mifune"
Preventing ocean pollution and protecting cargo is difficult and expensive work
We just leave all the messy stuff to the salvage companies

Public workers shouldn't get mixed up in private business anyway!
B-but...

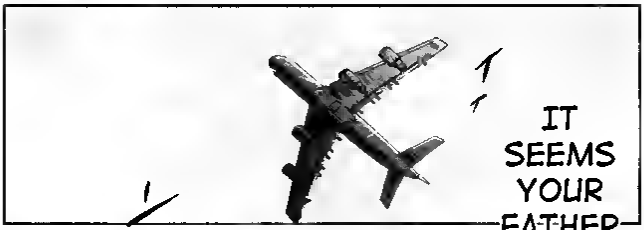




Maybe he's got something against salvage compa-nies...?
Nanba's pretty worked up about this.
SHIT

.....
yes?!

.....
NBA
NANBA!!



27

It's been 7 years, huh...

Salvage companies really are the lowest of the low.

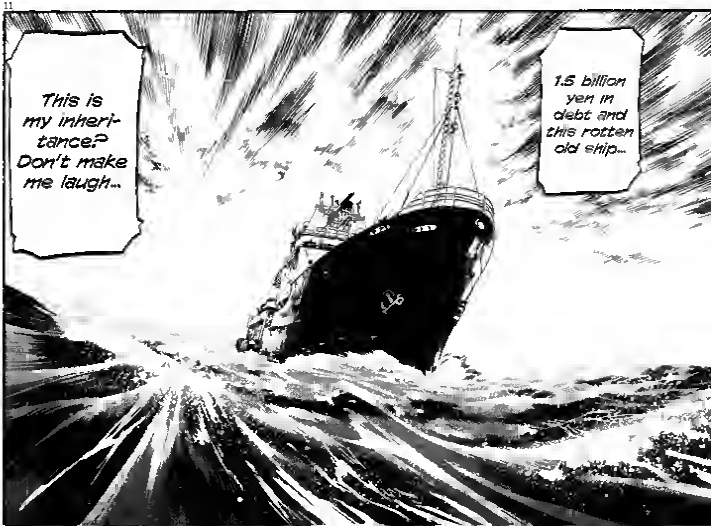
11



This is my inheritance? Don't make me laugh...
1.5 billion yen in debt and this rotten old ship...

Hey,
What kind of contract will it be? No cure, no pay?

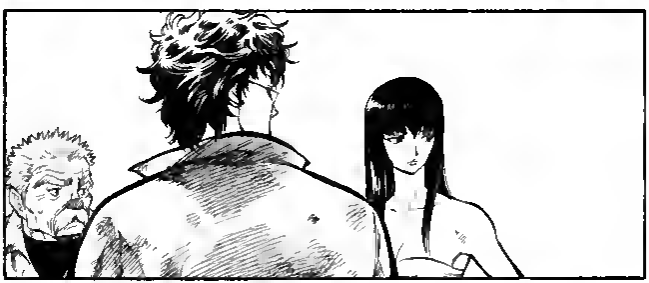
Shitty old dad!

Let's finish things up before anyone else gets there!
がはは
I'll decide that when we get there.

12

I knew it...

You're hyenas.

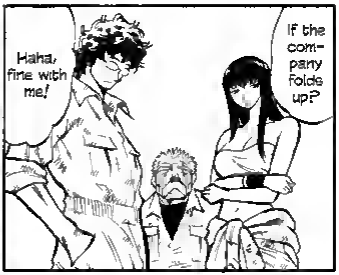


13

You want me to take over because Father's dead?
Ha! No thanks!

You guys are hyenas that exploit people's misery for your own gain.
I'll say it again and again.

There's no pride in this kind of work!



Haha, fine with me!

If you've got time to complain, get up on the deck and keep a look out!

16

I'm sorry, he gets a bit touchy when he's working.
I ran into him when I lent the Gakihara guys a hand in Yokohama.
Bon!
What? You know him?

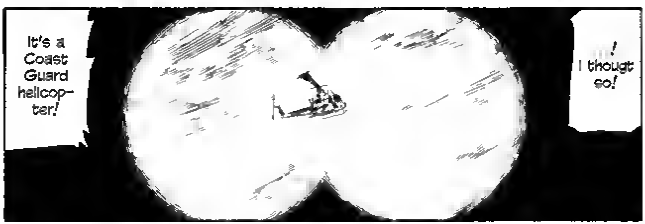
A slow learner, huh?

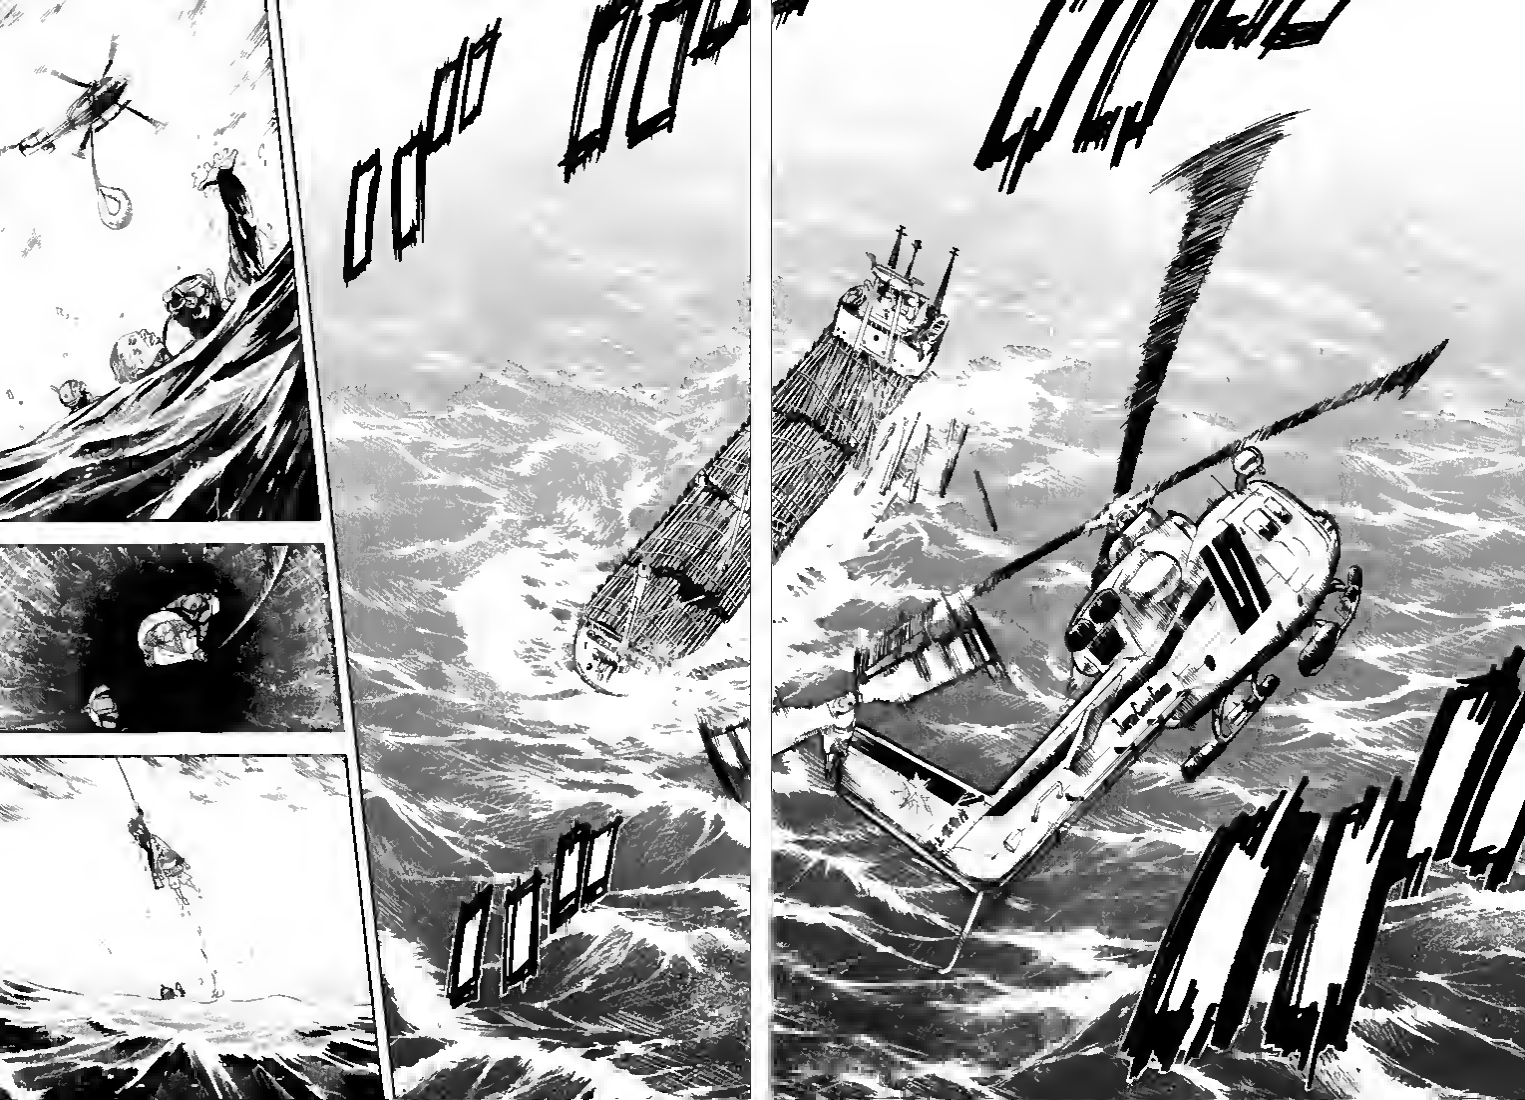
Ha!!

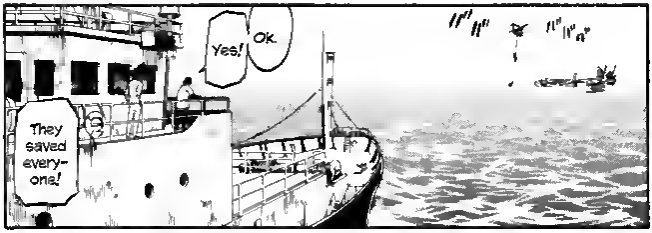
Huh?
Ha!!



It's a Coast Guard helicopter!
I thought so!

The wreck must be right under them!
Confirmed, 40 degrees West!





They saved everyone!
Yes!
Ok.

Coast Guard divers are the best, right!?
See that?

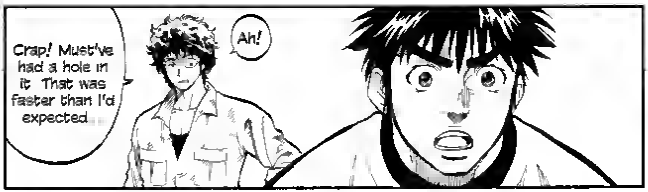
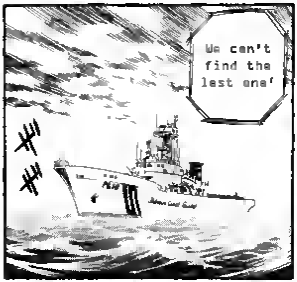
The ship...!

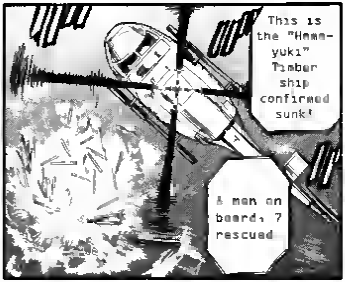


Crap! Must've had a hole in it. That was faster than I'd expected.
Ah!

23



We can't find the last one!



This is the "Hmm-yuki" Timber ship confirmed sunk!
A man on board, 7 rescued

Roger that!
Widen the search area and keep looking.
This is the "Zaou" Roger.
Not so fast.
The coast guard saved all the crew, so we're done here.
Funakoshi, let's go home already.
24
How can you listen in on them like that?
おぉ おぉ おぉ
I-isn't this the Coast Guard frequency?
Forget that, just listen.
They said one crew member was missing.

Probably couldn't make it out in time... too bad
!?

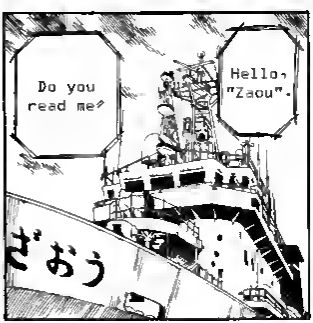
It can't be...
He's still inside!?

.....

How can you say that about a human life...
Too bad!?

26

Hmph. Those hyenas.
They already smell money, huh
Captain, there's a message from the salvage ship



Do you read me?
Hello, "Zaou".

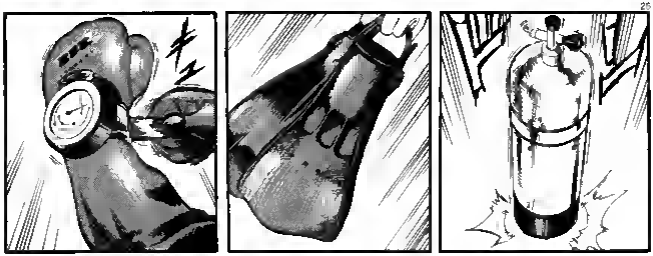
I am Nanba Rintarou, a diver with the Japanese Coast Guard!
This is Nanba Salvage! We're going to assist in the search for the missing crew member!
Wha
.....

What's one of us doing on a salvage ship!?
A coast guard diver...!?



The crew member might be stuck in the wreck. As a diver it's my duty to make sure!
Who gave you the right to use our equipment!?

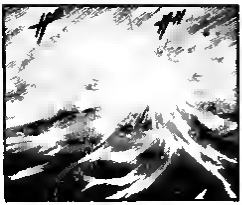
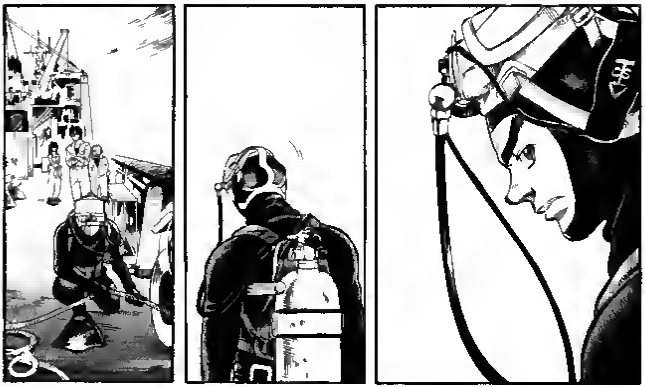
Sea-wirdlers huh? Kuku



29

When you work...it's natural to get paid, right?
We don't run a charity here.

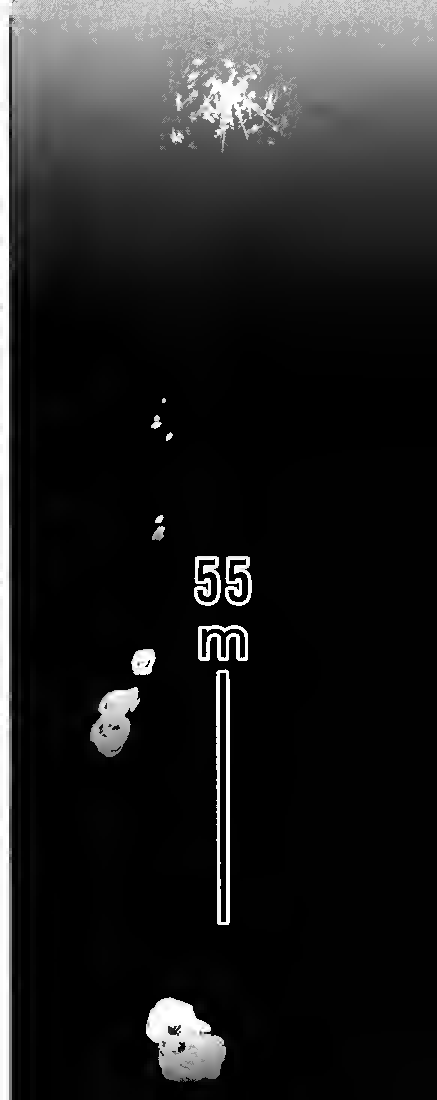


30

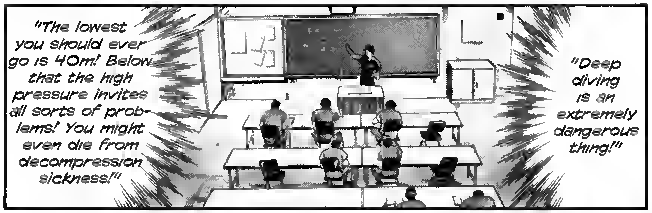
Huh…?
……

How deep is the sea around here?
Okay then, let the big, bad "sea-windier" ask the mighty friend of justice a little question…

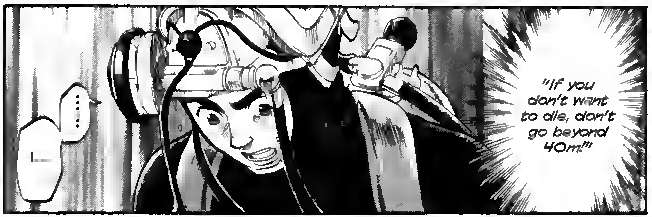
You get it, don't you? As a diver.
That's too deep for you to dive.



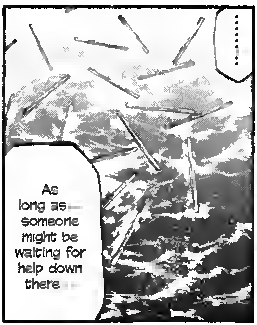
55 m



"The lowest you should ever go is 40m! Below that the high pressure invites all sorts of problems! You might even die from decompression sickness!"
"Deep diving is an extremely dangerous thing!"



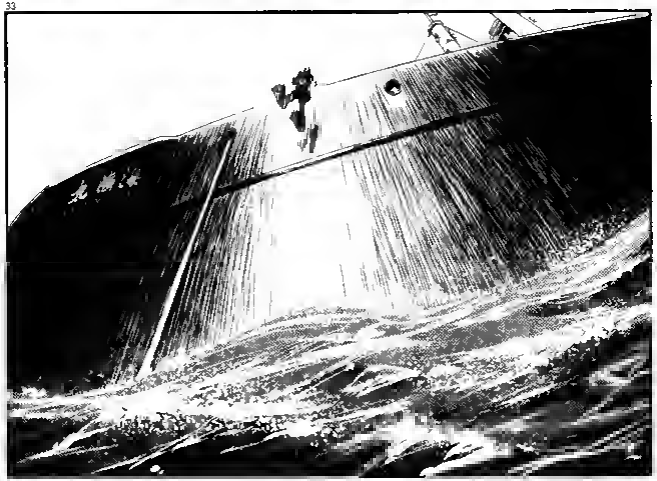
I—
"If you don't want to die, don't go beyond 40m!"



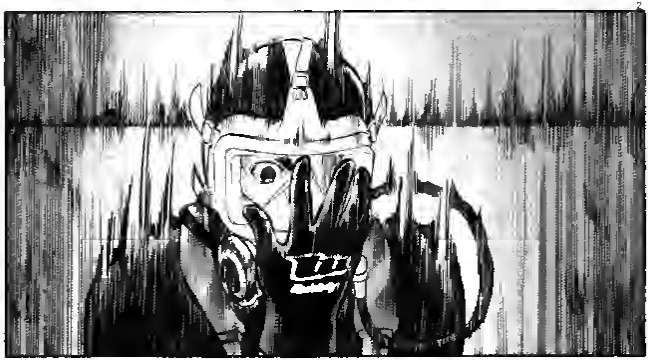
As long as— someone might be waiting for help down there—

I'll be fine! I've done a lot of training!
Huh? Training?
The sea won't let you off just because you're following some manual!

33



Chapter 3 The Limit of the Lowest Depth



*A dive in which the diver bends in mid-air to touch his toes and straightens out immediately before entering the water

He gets that hot temper from his father...
But he still lacks experience...
Diving like that, he's not half bad...
Hmph, a jackknife*, huh?
I got in touch with the owner!
Sawa-san!
We're going to have two wrecks on our hands...
He wants us to recover the safe from the sunken ship! ♡

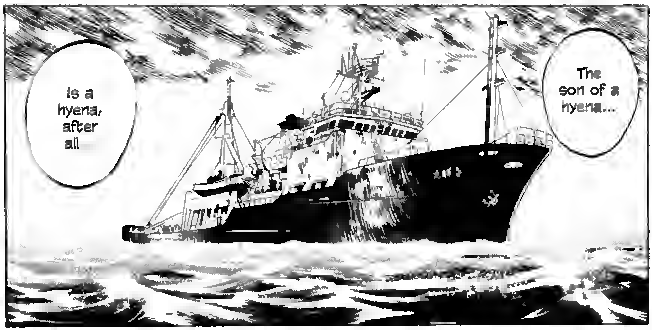
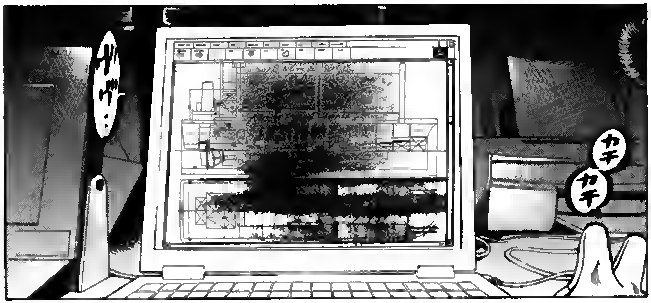
He just got his divers' certification last month.

But why is one of our divers on a salvage ship!?
Hmm

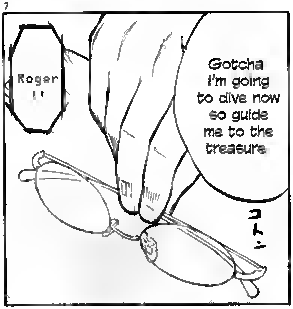
6

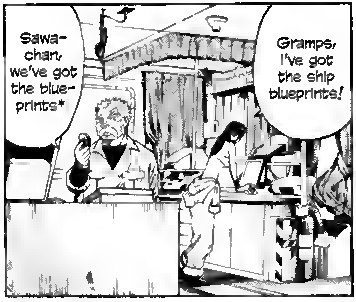
Hmph
And happened to come across this wreck, huh.
Apparently his family runs a salvage company. His father passed away and he went home.





7





*IN THIS CASE A LAYOUT OF THE SHIP

After all, he's Nanba Salvage's precious successor..
And... Please take care of Bon...
.....
How much will you pay?

"Got it!? Never dive below 40m!"
40 m.
Almost at...
Deep diving carries all sort of risks!
The more experienced you get, the more cautious you should be about it!
When it gets serious you lose your powers of reasoning
You hallucinate, lose consciousness, and in the worst case you die!
At lower depths the nitrogen in your breathing gas dissolves into your blood and you feel drunk
That's Nitrogen narcosis!

If you don't want to die, don't go below 40m!

If I go beyond this...
The 40m limit...

Wahaha, we did good!

I never thought I'd have to rescue a Coast Guard diver...

Sawa-san went down twice.
I went down and carried the safe up half the way, but...

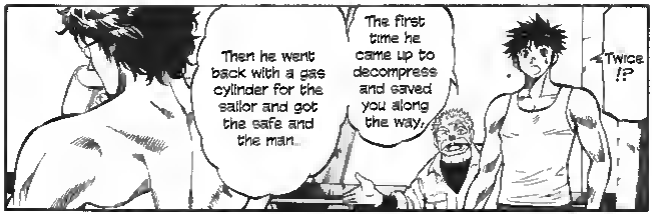
Me... and the sailor... and the safe!!



Then he went back with a gas cylinder for the sailor and got the safe and the man...

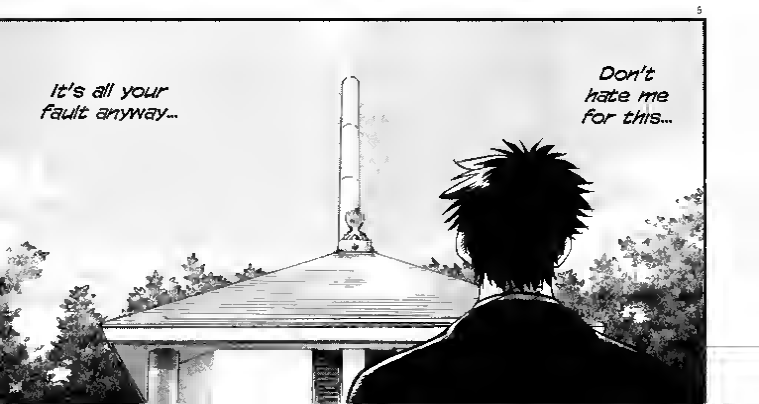
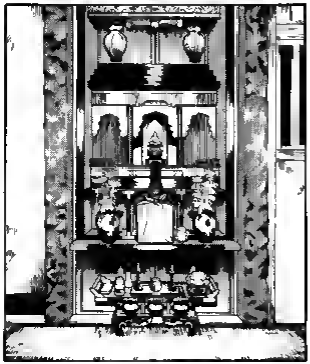
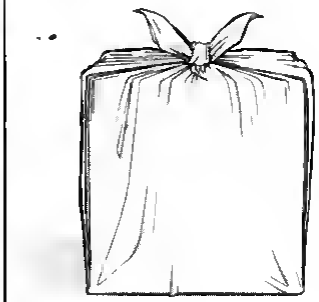
W-what are you talking about!?
Dissolve Namba Salvage ...!?
I've decided to dissolve the company!
So...
Father left this place to me...
Yes...

When this place goes belly-up, where do we go?
So then
O-of course, I'll do something about that...
You guys don't have anywhere to go, do you? Lucky, Money!
Can we save this discussion for later?
Bon.
At least, until after the funeral...

Father...







When I sell the ship I'll use the money to pay your severance packages
I'll take responsibility and help you find new jobs!

This company is finished.
So, from today onwards...

...If you've got something to say, go ahead.
You won't get much for this place and that rust-bucket of a ship.
Not really, but .
That's fine with me.
Heck, you'd have to pay the junkyard to haul it away.
The real problem is that 1.5 billion yen debt!
For me...

And I'm sure you guys don't want to be saddled with it either, right?
I don't even know how I became a signatory to that thing...
I'm doing this for all of us.
That way the debt will disappear along with the company.
I'm going to the courts to file for bankruptcy.

Why do you hate salvage companies ...
And what do you have against your father!?

He watched him die...!
My father... just so he could make money... Someone who was begging him for help...

Bon! How many times must I tell you, that was...
That's all!

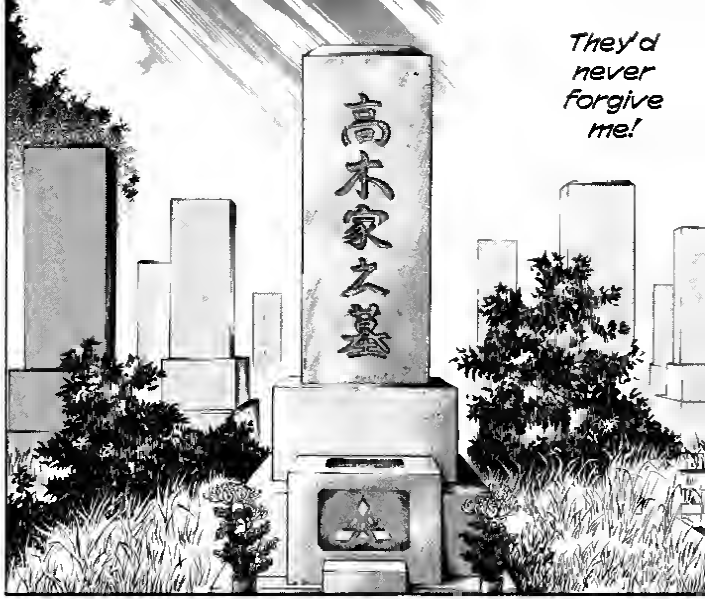
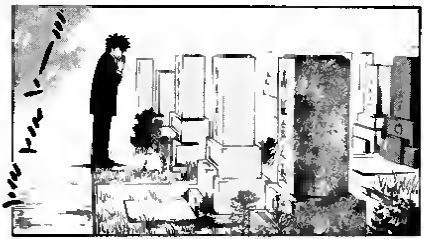
Excuse me...
If I... accept the salvage business..



They'd never forgive me!
高木家之墓



How long is he going to pray for, geez...

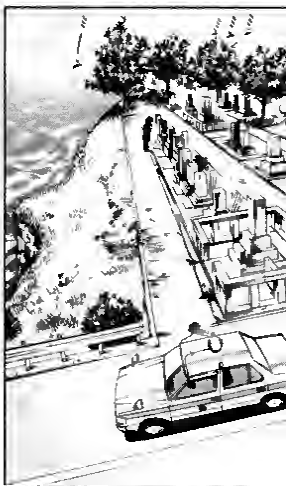
It's already been an hour

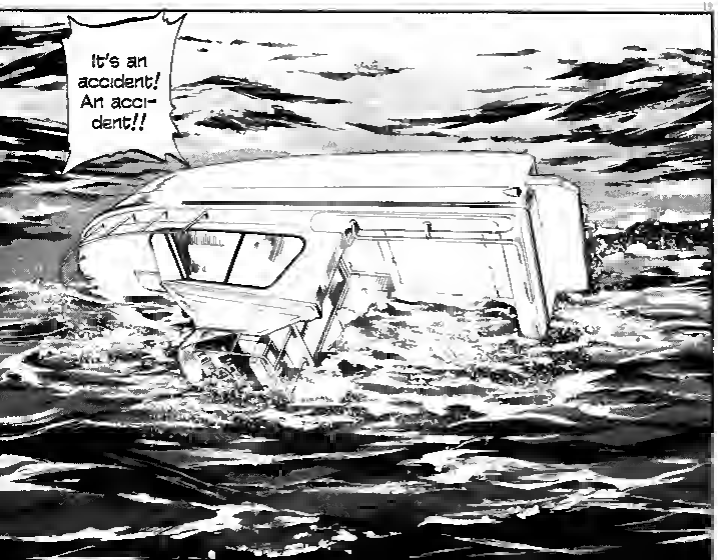


Eiji!
MURDERER!!

Are you going to be here much longer?
Mr. Customer

What's that over there?
.....

It's...



It's an accident! An acci-dent!!

Change of plans, driver!

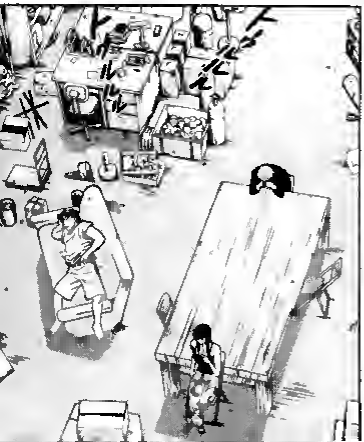
What the...!

Yeah!
Let's tell everyone!

Don't stand around giggling when there's a disaster going on!

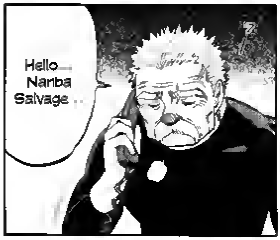
Gotta call the Coast Guard...

Since it's around here...
Hang on...

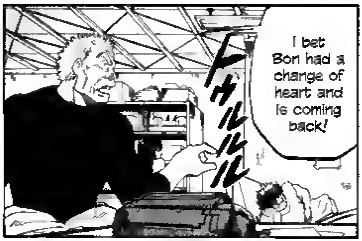


ドルルルル

Don't wanna. It's just creditors anyway
You get it



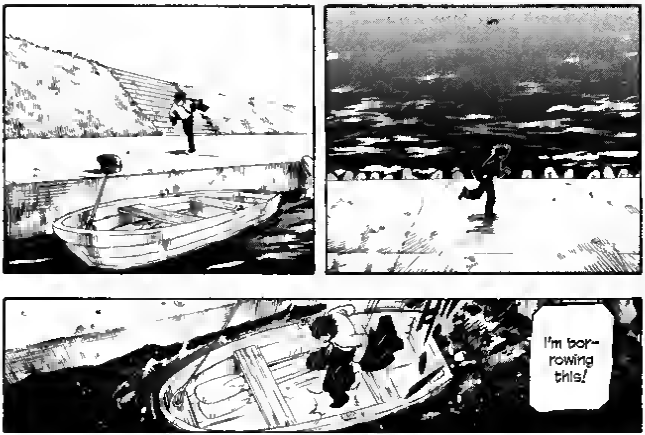
Hello... Nariba Salvage...



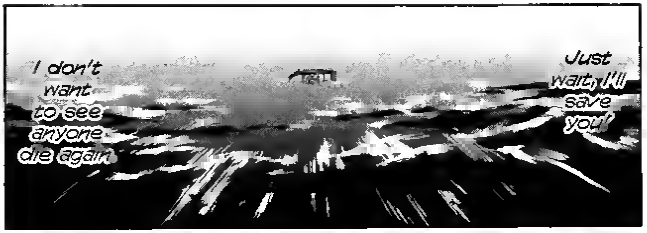
I bet Bon had a change of heart and is coming back!

There's a boat capsizing at Hinoura!
Send Kairin Maru out right away!
Bon!

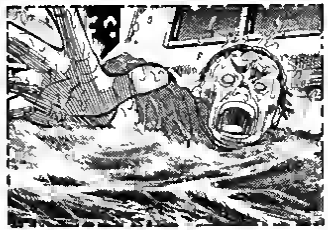
See, I told you he'd change his mind!
It's a request from Bon!
Kairin Maru, set sail!



I'm bor-
rowing
this!



I don't want to see anyone die again
Just wait, I'll save you!



Never again!!

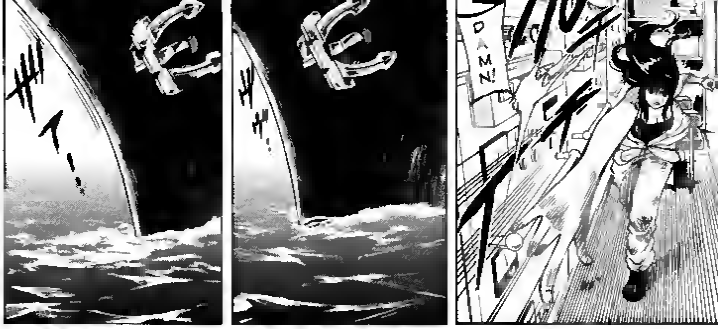
Answer me!
Hey! Anyone there!?
Any-one !?

Hey, hang in there
!?

Huh? He's yelling something
There! That must be it!

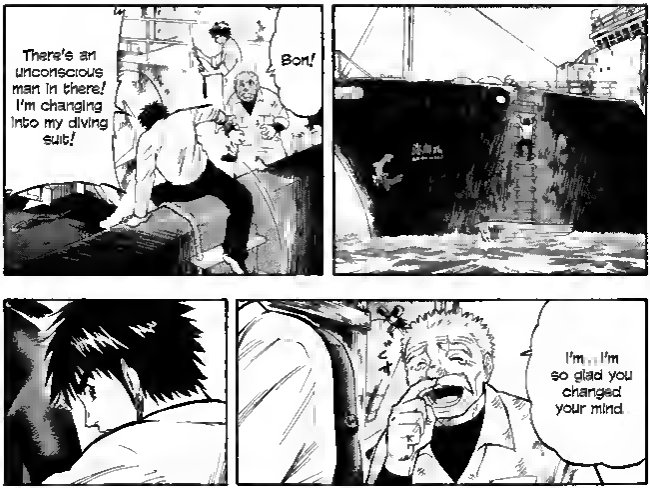
STO-
OOO
OP!!

Now!
Full astern!



D M N

If even a spark from the engine hits it...It'll explode!
It's leaking fuel oil!



There's an unconscious man in there! I'm changing into my diving suit!
Bon!
I'm... I'm so glad you changed your mind.

15
Changed my mind?
About what?
About shutting down the company. You're going to take over right?
...Don't get the wrong idea
I just realized that Nanba Salvage was closest to the scene so I called you. That's all.
Of course I alerted the Coast Guard as well.

Are you really going?

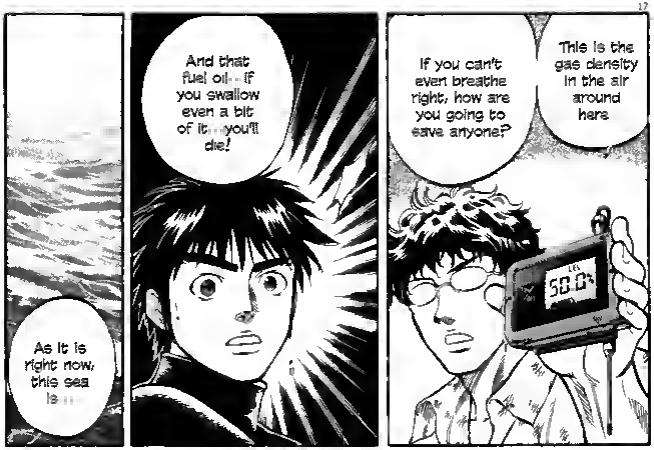
Hey.

I'll be fine! I won't fail this time!
Planning to get in my way again?

15

You're pretty childish, aren't you?

I'm talking about that fuel oil spreading on the water!
That's not the problem here!



As it is right now, this sea is...
And that fuel oil... if you swallow even a bit of it... you'll die!
If you can't even breathe right, how are you going to save anyone?
This is the gas density in the air around here.

A SEA OF DEATH!

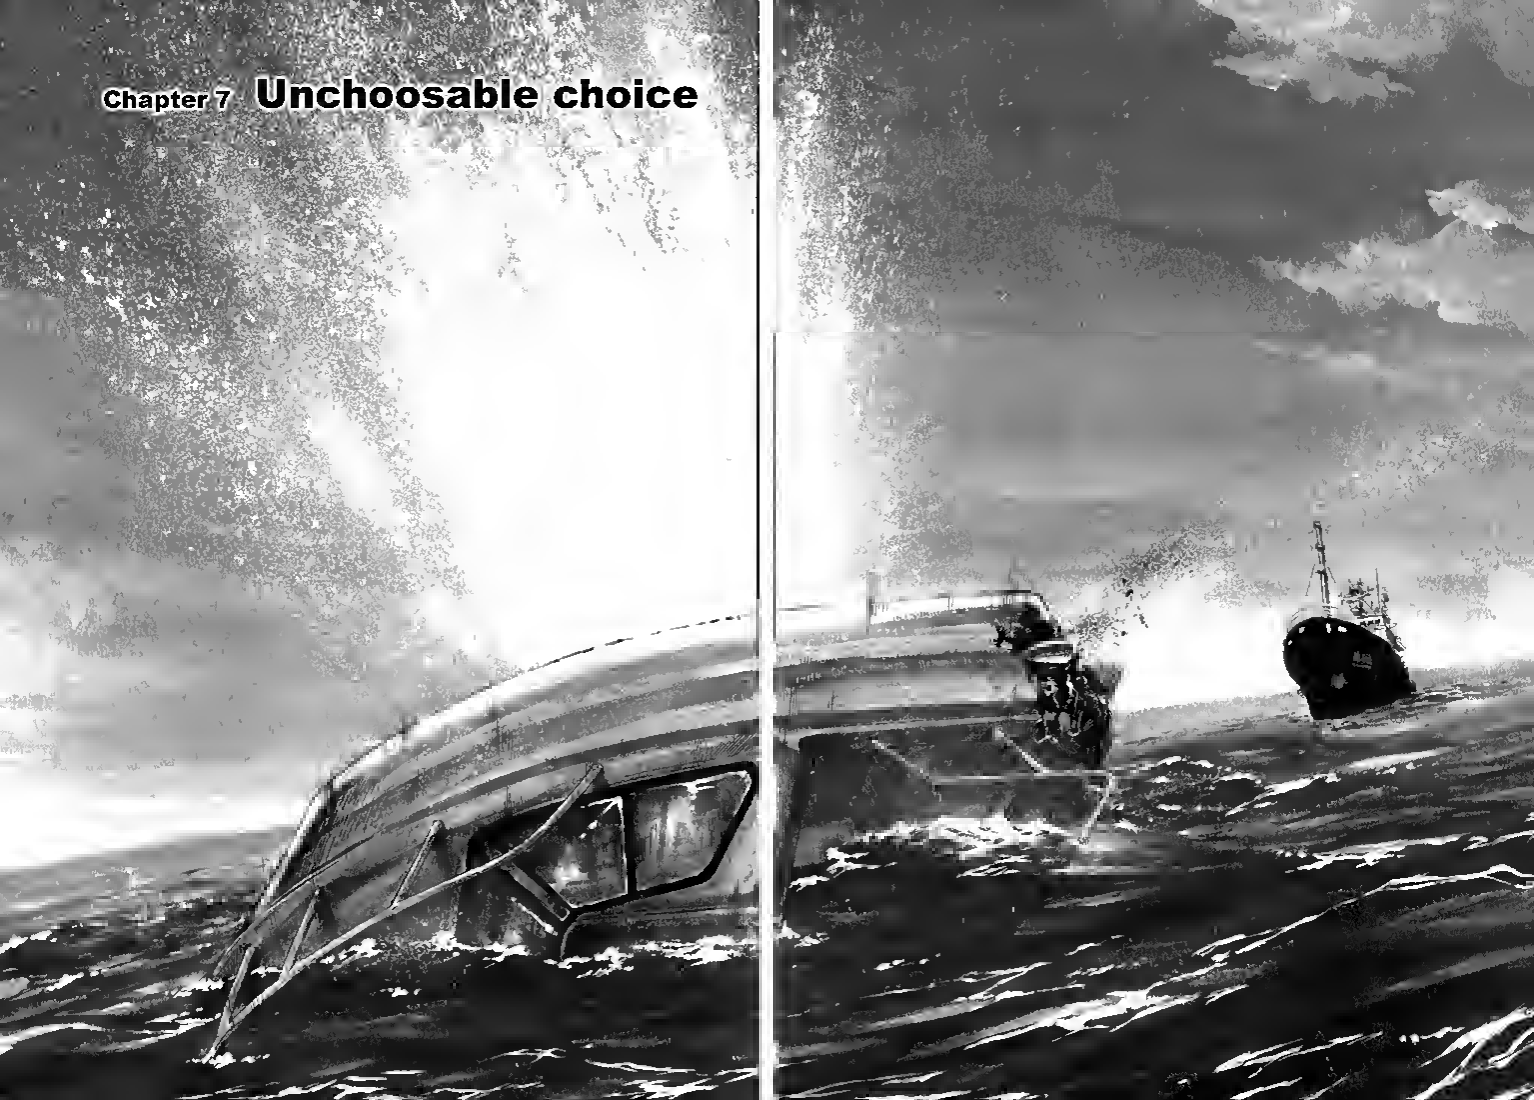
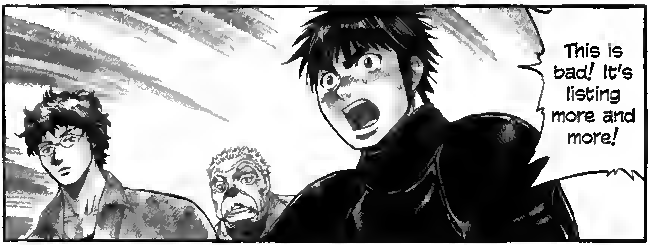
So no one... can get close to it...?
No way...
This situation...!

That time, with Father!?
It's just like...

Chapter 7: Unchoosable choice

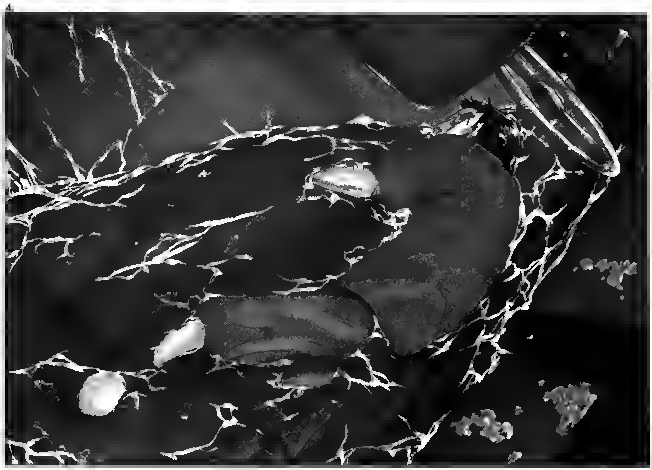
Chapter 7 Unchoosable choice





This is bad! It's listing more and more!

At this rate the guy inside...



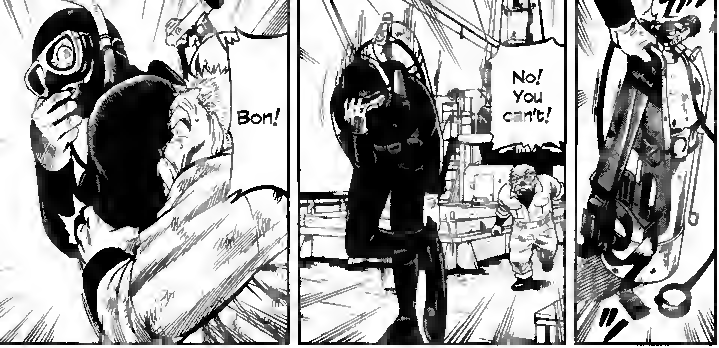
Maybe something hit him and he passed out...
Or maybe he panicked when the boat started leaking and lost his chance...?
The slowpoke! He should've gotten out earlier!
Jumping in the water now would be suicide.
Bon, I know you want to save him, but there's fuel everywhere around it
No, they won't make it in time...
Until the Coast Guard arrives and gets to work, all we can do is watch and pray.
There's nothing we can do now.

If I just stand by and watch him die...
I'll be the same as my father!

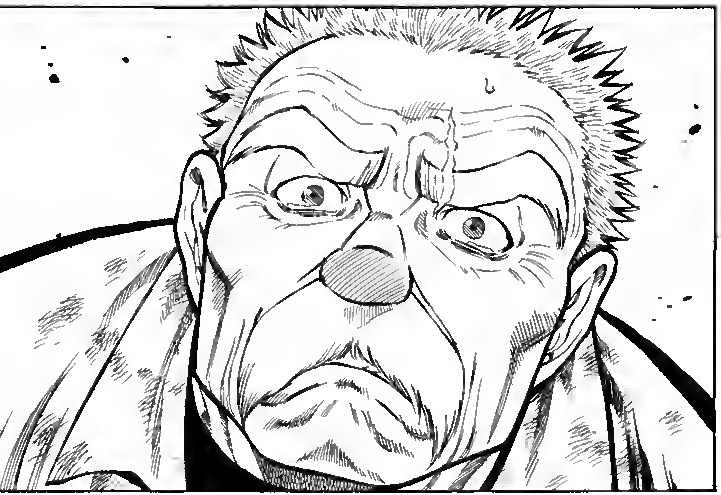
Liar!
The boss did try to save his best friend!
Bon !!
This time, please...
Hear me out

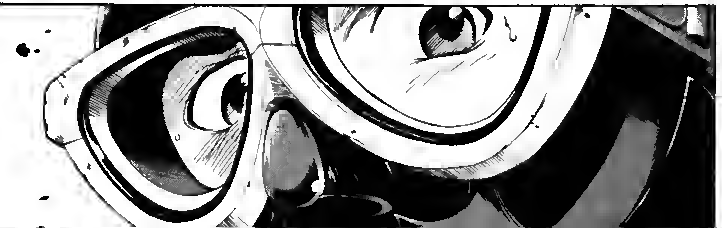
I...I begged my father over and over!
Why won't you save him!?
Eiji's dad will die!
DAD!!

I became a diver to atone for my father's sins.
I...



Bon!
No! You can't!



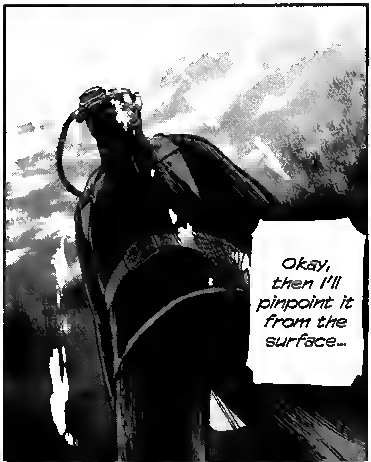


I'll save him! By all means!
BON !!
!?

I can't...

Where's the boat? I can't tell!
See a thing!

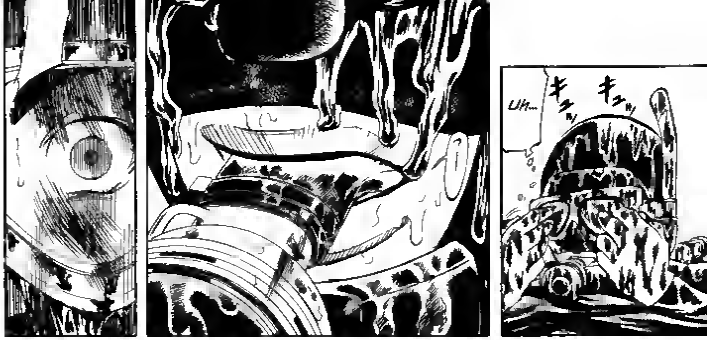
12



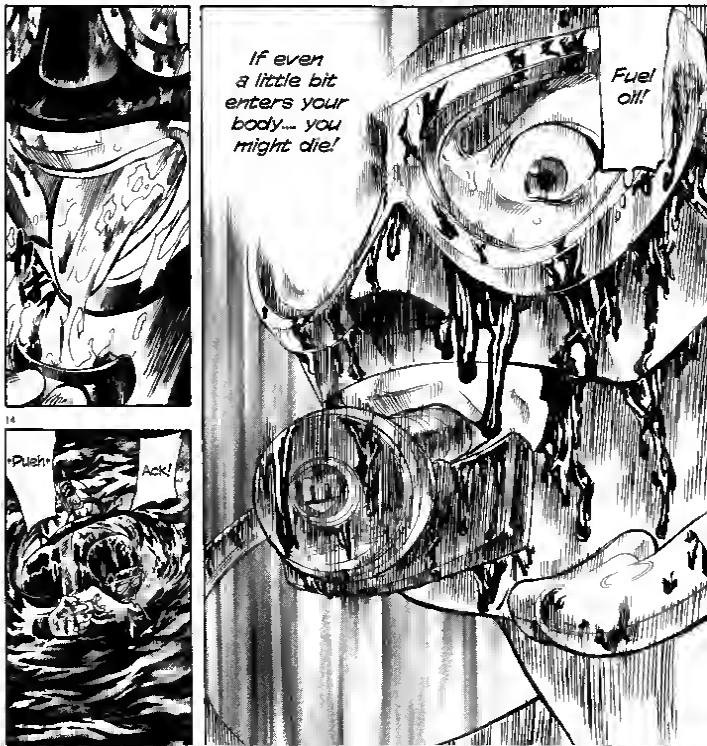
Okay, then I'll pinpoint it from the surface...

!

Shit!
I'm covered in oil..!

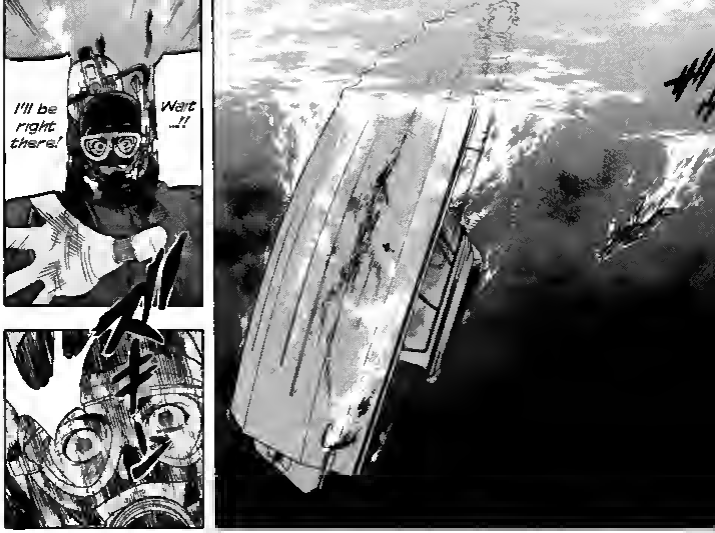


Uh...
キッ
キッ

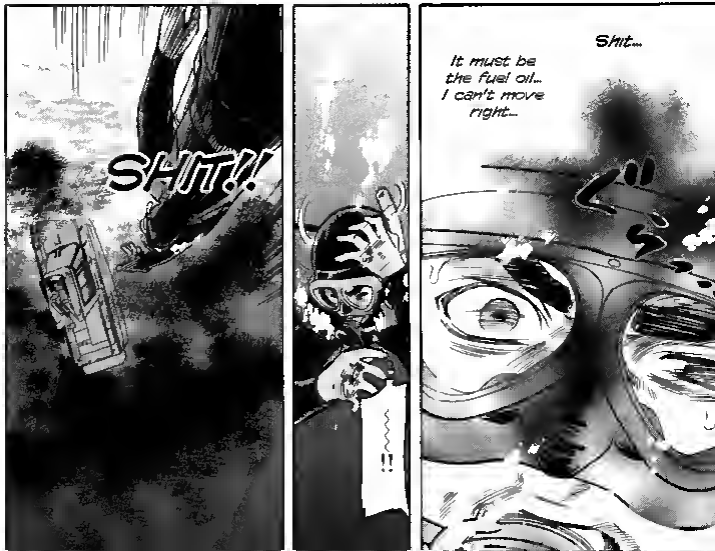


If even a little bit enters your body... you might die!
Fuel oil!
"Puah"
Ack!

Bon !!
It's going under!



I'll be right there!
Wait ..!!
ガキン



SHIT!!
!!
It must be the fuel oil.. I can't move right..
Shit..

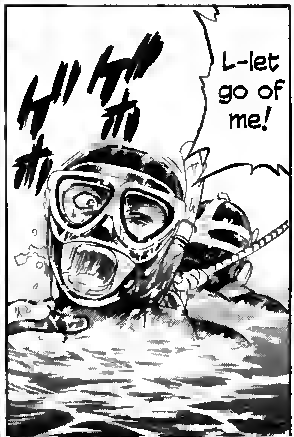
ゴボ
ゴボ
!!!

!

Any further and you'll die, idiot.



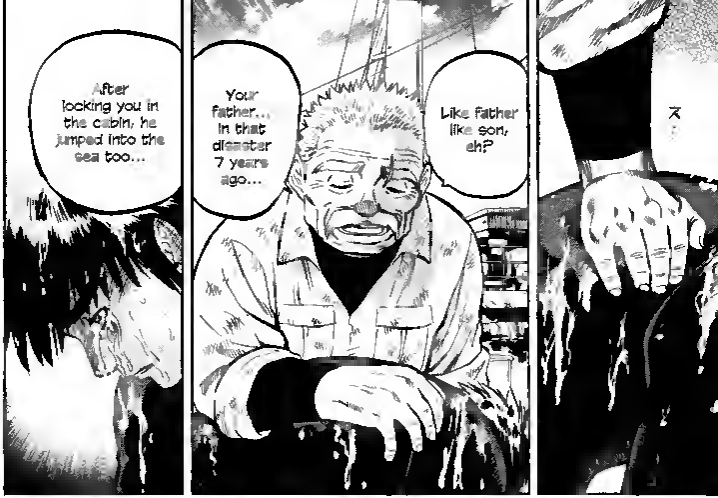
L-let go of me!

Feel better?

Why did you stop me...!?
Why ...?

Diving into fuel oil was suicidal enough but I didn't know you were stupid enough to take your regulator out and scream!
That guy... our eyes met...

And yet...



After locking you in the cabin, he jumped into the sea too...
Your father... in that disaster 7 years ago...
Like father like son, eh?
ズ

.....
Huh...!?

Chapter 8 Encounter with the Past

Boss !?
Ei-ichi-rou !!
Let go of me!
What are you thinking!? Jumping into fuel oil, and dressed like that too!
He's... He's been my friend since we were kids!
Ei-ichi-rou !!!

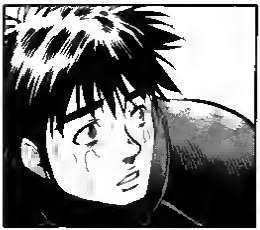
Have you forgotten what Mr. Eiichirou told you over the radio when he realized the fuel was leaking and he couldn't be saved!?
Boss, have you forgotten!?
"Take care of my family!"... he said!
Won't save Mr. Eiichirou!
Dying here...
.....
Kenji!
I beg you!

Okay. Pull him up!
The boss was a formidable veteran salvor. That was the first and last time I ever saw him so beside himself.
And that's the long and short of it, Bon.

I feel sorry for the guy who died but, you did well. Bon...
When your father returned to the ship that day, he was just like this.
He was just like... you.

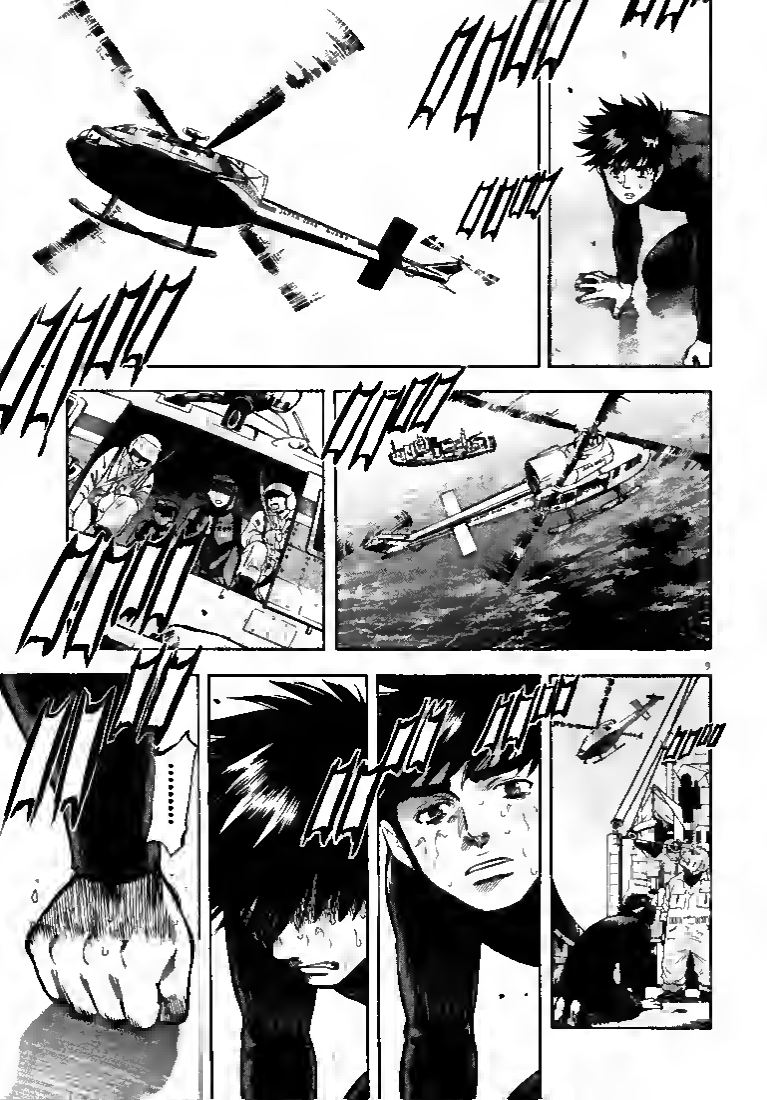
It's a lie...
You're just trying to make him look good...

This is the first time...you've ever heard me out...



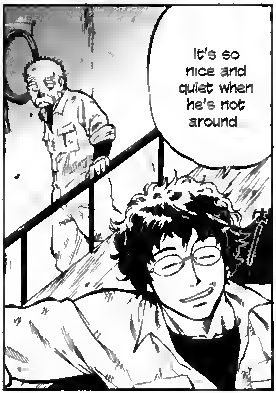
Why didn't my father ever tell me all this...?
Then

Because
He was Nanba Rintarou, the salvor...



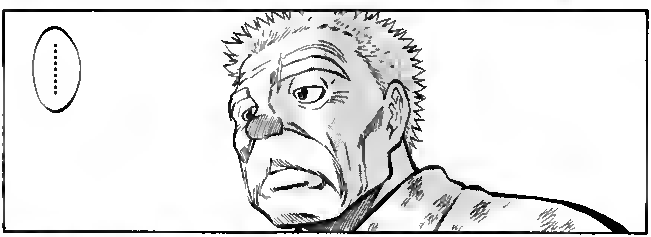
YOU FUCK-ING IDIOTS!!!
YOU'RE TOO LATE!

Hey,
Where's Bon?



It's so nice and quiet when he's not around

No, he's not upstairs
Probably locked himself up again



.....

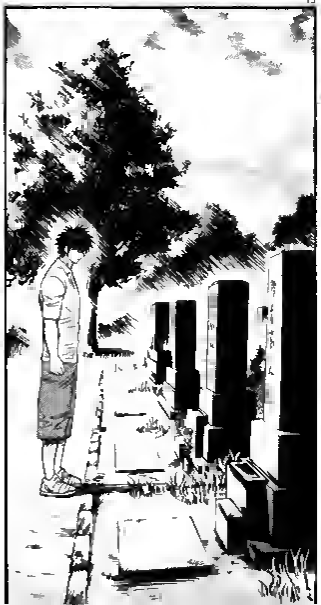
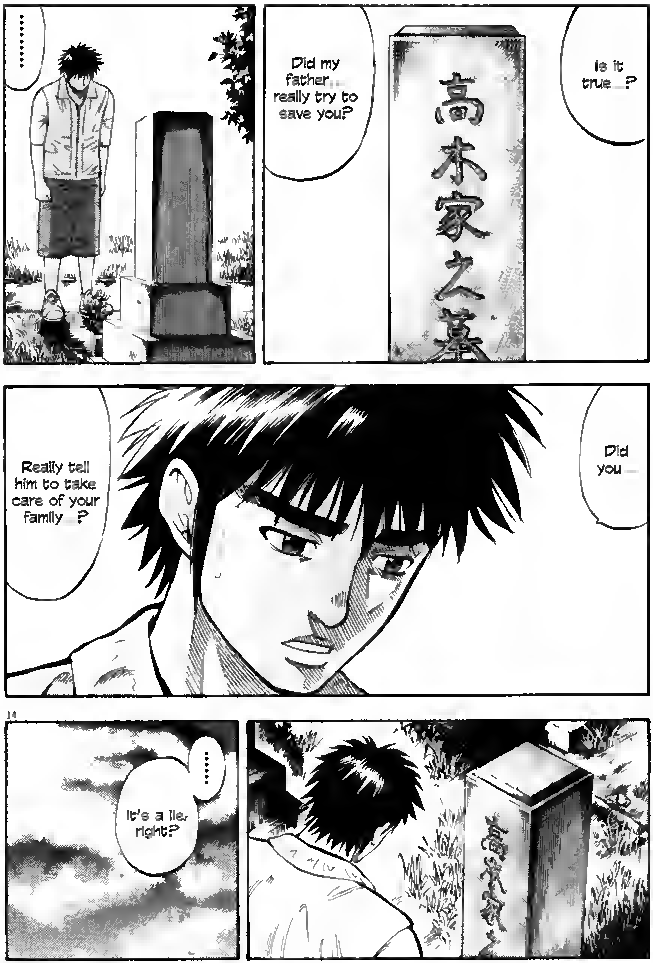
What if...

TAKAGI FAMILY GRAVE





Is it true...?
高木家之墓
Did my father... really try to save you?
.....
Did you...
Really tell him to take care of your family...?

It's a lie, right?

MURDERER!!
It's gotta be a lie!

Ei...?

MURDERER!!

Oh yeah...
I heard your father had died.
...So you're back...

Rin-ta-rou!!
